

Schib CO 90

Features

- Hygienic and easy-to-clean design suitable for a wide range of challenging industries
- Tool-less removal of guarding and in-feed catch trays allows easy access for cleaning
- Fast format changeover with minimal downtime
- Allen-Bradley programmable automation controller (other electronic platforms on demand)
- 10" color touch screen offering user-friendly HMI functionality
- Icon-based operator interface with real time diagnostics
- 450 mm film width
- All product contact parts are made of stainless steel or food grade plastics
- Stainless steel version on demand
- Independent temperature control circuits incorporated into the control panel
- Automatic multi-belt feeders are available on demand
- Ideal machine for integration into fully automated packaging systems

Schib CO 90

The State-of-the-Art Schib CO 90 is a horizontal flow wrapper suitable for a wide range of packaging applications. It offers solid construction and easy-to-clean design, as well as exceptional performances.

The CO 90 can come as a stand-alone machine or pre-arranged for integration into completely automated packaging systems.

Automatic feeders and product conveying/handling devices are available on demand.

Options include twin jaws configuration, automatic film splicer, motorized film pre-feed, reel run out sensor, pre-printed film registration, no product – no bag function to minimize film waste, Plexiglas guarding for quick inspection, remote service device, and many others.

| Feature | Standard | Optional |
|--|---|---|
| Min./Max. product dimensions | Length 50 / 200 mm Width 5 / 80 mm Height 1 / 60 mm | |
| Performance | 500 ppm | Up to 800 ppm |
| Film roll width and max. ext. dia | 450 mm / 350 mm | |
| Drive | 3 servo + 2 asynchronous motors | Up to 16 |
| Sealing head | Rotary jaws | D-Cam |
| In-feed conveyor useful length | 1000 mm | On request |
| Automatic film splicer | No | Yes |
| Plexiglas guarding | No | Yes |
| Control panel | 10" color touch-screen | |
| Program memory | 40 programs | 99 |
| Diagnostics | Yes | |
| Machine finishing | Painted RAL 9007 | Stainless steel |
| No product - no bag | No | Yes |
| Wrapping materials | Heat sealable OPP - BOPP - COEX - Laminate | LDPE - HDPE - Polyolefin - Cold sealable films |
| Installed / absorbed power | 6 / 2 kW | |
| Weight | 1200 kg | |
| Feeding system | Manual | Automatic |
| Machine dimensions | 4777 x 1260 x 1800 mm | |
| We reserve the right to make technical changes without prior notice. | | |
