

# Simionato Logic F

## Features

- Fixed and variable inclination, between 25° and 55°, allows operator to find the best relationship between packaging speed and product protection
- Forming tube does not require adjustment as you change inclination
- Flexibility for packaging various products in a large range of bag shapes: d-bag, quad, block bottom, pillow
- Modular design for easy changeover allows future reconfigurations
- User-friendly HMI panel with interactive graphics
- Stepper-driven pull belts
- Laterally adjustable backseal platen
- Anti-bridging device
- Stainless steel available in fixed inclination

Flexibility is the prime characteristic of the Logic F bagger designed to protect fragile products while maintaining maximum packaging speeds.

### Packaging Formats

Pillow, Flat bottom, Flat bottom 4 side sealing (quad), D-Bag – No Top Fin, Pillow with Carry Handle, Pillow with Seal Strip, Gussetted, One side Tucked, Saddle bags, Double flat bottom, Resealable Zipper bag styles

### Standard Features

- Vacuum assisted splice table for quick film change
- Simplified film unwind with adjustable film tension
- Low film and film runout detect
- Laterally adjustable backseal
- Easy setup via user-friendly HMI with interactive graphics
- 100 recipe memory
- Real time parameter adjustment
- Automatic film tracking
- Photo eye registration
- Encoder for precise control of the bag length
- Alarm history

### Production Rate

Up to 85 packages per minute

### Package Range

Minimum width: 55mm (2.16")

Maximum width: 310mm (12.2")

### Power Requirements

480 Vac, 3 Ph, 50/60 Hz

### Options

- Gas Flushing
- Polyethylene Sealing
- Anti-Static System
- Punch for Euroslot or Round Holes
- Tear Notch for Easy Opening
- Printers
- Metal Detector
- Duplex Configuration
- Right or Left-Hand Configuration
- Product Settling Device
- Lower Flap Folder (Heated or Non-Heated)

*Ideal for Fragile Products Including Bakery, Crackers and IQF*

*A Wide Variety of Package Styles, Including Recloseable Options*
